DROMEX GOLF SHIRTS

DW-GOLFER

Description

Dromex® 100% polyester golf shirts are a relaxed fit design that is lightweight, strong and resistant to shrinking whilst providing the user with comfort and durability.

The Dromex golf shirts are available in six different colours, white, navy blue, royal blue, red, black and grey melange.

These golf shirts consists of the following:

- Cover seam hems are double needled stitched for added durability.
- A rib knit collar and sleeve maintains a non-roll finish on the garment.
- 2 Button placket for closure
- Dromex sidewinder on the left sleeve cuff
- Side slits at the waist for ease of movement

These garments are commonly used in the following industries:

- Corporate wear.
- Promotional wear.
- General work environments.
- Warehouses.

Special Instructions

None of the materials or processes used in the manufacture of these products are known to be harmful to the wearer. The manufacturer has examined under the system for ensuring quality of production by means of monitoring and inspection. Cleaning & Maintenance

- The following suggestions will help keep your garment safe and neat:
 - Polyester garments can be cleaned by home cleaning or commercial laundering provided all the recommended conditions and settings are adhered to.
 - Should home procedures not remove contaminants, then dry-cleaning is recommended.
 - Our recommended cleaning for these garments is as follows:
 - Wash separately with like colours.
 - Pre-treat greasy stains and wash the t-shirt in warm water with a light cleaning solvent.
 - Do not use Hypochlorite bleach or detergents containing Hypochlorite bleach.
 - Chlorine bleach may cause fading and reduce fabric strength.
 - Do not overload home laundry equipment.
 - Do not dry clean.
 - Thoroughly rinse the shirt.
 - Do not hang in direct sun.
 - Sunlight can cause fading and reduce fabric strength.
 - Iron the garment on low heat.
 - When using commercial laundry aids, be sure to read and carefully follow the manufacturer's instructions.
