DW-UTI-J-XX

KH
CA

Description

Dromex® DW-UTI-J are stylish and hard-wearing utility jackets designed for durability, functionality and user comfort.

These hard-wearing jackets are crafted from a blend of 65% Polyester, responsible for fabric sturdiness and 35% cotton, providing relaxed comfort suitable for wear both at work and casually.

Features:

- Multifunctional custom 2 waist pockets with zip closure, 2 chest pockets with hook and loop closure, left pocket has multiple pens pockets and right pocket with a concealed side entry pocket with zip fastener, an inner mobile phone pocket with hook and loop fastening, and a pen/ruler pocket on the left arm) for ample storage.
- Sleeve cuffs are adjustable.
- Adjustable waistband with press stud fasteners.
- Action back pleats at rear of jacket for comfort and flexibility.
- Reflective piping for enhanced visibility.
- Available in 2 colours, Khaki and Carbon.
- Contrasting color for added style.
- Stress points are bar tacked.

Special Instructions

None of the materials or processes used in the manufacture of these products are known to be harmful to the wearer. The manufacturer has examined under the system for ensuring quality of production by means of monitoring and inspection. These polycotton garments are designed to accommodate the basic safety requirements and standards for Personal Protective Equipment. Not for use against heat and flame hazards. The information contained herein is intended to assist the wearer in the selection of personal protective equipment. Actual conditions of use cannot be directly simulated in a test environment therefore it is the responsibility of the end user and not the manufacturer or supplier to determine the garment suitability for the intended use. This garment should be thoroughly inspected before use to ensure no damage is present.

Cleaning & Maintenance

The following suggestions will help keep your garment neat and safe. Polycotton garments can be cleaned by home cleaning or commercial laundering provided all the recommended conditions and setting are adhered to. If home procedures do not remove contaminants, then dry cleaning is recommended.

Our recommended cleaning for these garments are as follows:

- Pre-treat greasy stains and wash the garment in warm water with a light cleaning solvent.
- Do not use Hypochlorite bleach or detergents containing Hypochlorite bleach as fading may occur.
- Thoroughly rinse the garment to remove any wetting agents.
- Do not tumble dry.
- Do not hang in direct sunlight as fading may occur.
- Iron the garment to on low heat.
- When using commercial laundry aids, be sure to read and carefully follow the manufacturer's instructions.
